Any juvenile adjudicated delinquent for a felony act committed on or after April 21, 1994, is restricted from possessing firearms. This restriction continues into adulthood unless a judge removes the restrictions. §941.29(8), Wis. Stats., provides for the individual to petition a court to remove the firearms restrictions. The statute does not limit the petition's filing to the county where the original adjudication occurred.

RMC recommends filing as a juvenile action which maintains confidentiality. The burden is on the individual seeking the firearms restriction removal to show by a preponderance of the evidence that he or she is unlikely to act in a manner dangerous to

public safety.

RMC believes the petition should include information for the court about the status of the original dispositional order, any subsequent adjudication or convictions, and any other matters germane to the issue of removing the firearms restrictions.
